# Enliven

ENLIVEN YOUR SURFACES WITH RICH TEXTURES, BOLD PATTERN AND UNMATCHED LONGEVITY.

Enliven consists of a range of rich timber textures, bold floral patterns, and textured solid colour laminate panels. The timber textures range from a smooth matt just sanded feeling surface, to heavily ridged wood grains. Perfect for adding a textural element to your interior.

Intended for vertical use and selected horizontal applications, the Enliven range is a selection of Wilsonart Decorative High Pressure Laminates in panel form. Carrying with them the exceptional quality and performance Wilsonart are renowned for, Enliven has extremely high impact resistance. The longevity of Enliven is well over and above that of natural timber or low pressure melamine, providing you with a great appearance and low maintenance for years to come.

**DISCOVER YOUR PURE IDENTITY WITH THE VENETIAN DESIGN, ELEGANT COMPOSITION WITH FLORAL HIGH GLOSS PATTERNS ON A SILK MATT BASE.**
